Motor Caravan Section

MAKING THE MOST OF YOUR MOTORHOME

with

THE FRIENDLY CLUB

Whether you are a seasoned Motor Caravanner or new to taking your accommodation with you, joining the Motor Caravan Section will make your holiday experiences more affordable, enjoyable and **Friendly**.

What is the Motor Caravan Section?

The Section was started more than 60 years ago for like minded people to camp together, we have a nationwide network of Area & Groups camping all over the UK including Scotland, Northern Ireland & Wales.

The Section is open to all Club members and all types of units. Meets are held most weekends throughout the year from 2 - 5 nights, and also Holiday Meets. Pre-booking is not necessary unless a Special Event is planned.

Each year the Section holds a National Meet usually over the Spring Bank Holiday. Each year this is hosted by a different Area/Group and moves around the UK. This is a time for all members to get together to meet with old friends and make new ones and relax & have fun.

For more information on this go to our website www.waggonerstalk.co.uk. Here you will find details of our National Meet, our Section Councillors and also your local contacts and details of all the meets hosted by each Area/Group as well as Help & Tips for the Motor Caravanner. There are also links to Area web sites, the Club Site and Club Travel Services.

What benefits are available to Motor Caravan Section Members?

Members will receive our magazine "Waggoners Talk" 3 times a year Spring, Summer & Winter which contains informative and interesting articles. Reports from each of the Area & Groups and of course details of their future meets and holiday meets.

The magazine is produced by our Members for our members and everyone is asked to contribute both articles and pictures.

The Section is for all members of all ages and wherever the hold meets/holiday meets there is something to suit all.

Where do Section Meets take place?

Meets are hosted all over the country from North-South, East - West. So wherever you may travel you should be able to find a meet. They are held throughout the year and can just be a relaxing weekend camping, or there may be Social Activities. Our Area/Group Site secretaries look for venues close to good walking and cycling, public transport, places of interest and quite often a local hostelry. However if there is something happening on site and you do not have to take part. Remember you are there to camp and enjoy our beautiful country.

Why should We/I join?

Joining the Section and making friends with likeminded members of all ages from all over the United Kingdom can transform your camping trips, whether it is just a weekend or a holiday you will always find **Friendly** faces and a warm welcome. It can also open the door to our members extensive range of knowledge and experience on all Motor Caravanning and Camping matters.

What does it cost per year?

The cost is £ 8.00 This goes towards the cost of the production and publication of our magazine Waggoners Talk, our website and also towards the cost of our National Meet which each year is hosted by a different Area of the Section, so that it moves all over the United Kingdom
